Orlando, Florida – Aug, 1, 2010 – Air Transport IT Services, Inc., a world leader in providing turnkey integrated solutions to the transportation industry is proud to announce it is rated 4th in the midsized best companies to work for in Florida, according to *Florida Trend Magazine's* annual 2010 issue of "Florida's Best Companies to Work For."

AirIT's success is attributed to maintaining the three core principles on which it was founded, providing value to its clients and shareholders, while investing in the future of their employees. CEO Betros Wakim believes, "creating a good work environment is important because it drives employee satisfaction which in turn contributes to world-class IT solution innovations and close relationships with our customers." "At AirIT employees enjoy a progressive work environment, generous compensation and a benefit package that earn a wow from new hires," says Human Resources Manager Lisa Samuels.

AirIT and its employees have a visionary approach to integration with an exclusive focus on providing leading edge IT solutions that solve the most challenging business, operational, and passenger processing problems in the transportation industry. AirIT's client base constitutes more than 40 airports and airlines in North America. They include clients like Miami, Philadelphia, Hawaii, Fort Lauderdale, San Jose, Sacramento, Jacksonville and Delta Airlines. "We are dedicated to continued growth while maintaining our focus on the core principles and values of our success," Wakim states.

About Air-Transport IT Services, Inc.

Air-Transport IT Services, Inc., with corporate offices in Orlando, Florida, offers airlines and airport IT systems that enable them to deliver, display, manage and employ information that improves operations, customer satisfaction and revenue generation. The company's airport operational, passenger processing and revenue management solutions are the most comprehensive offerings available to the global air transportation industry. AirIT solutions are based on open systems and run in a client/server and web based environment. In addition to its product offerings, AirIT also provides consulting services, networking and installation and 24 x 7 support.
